

Permit Pro[®]

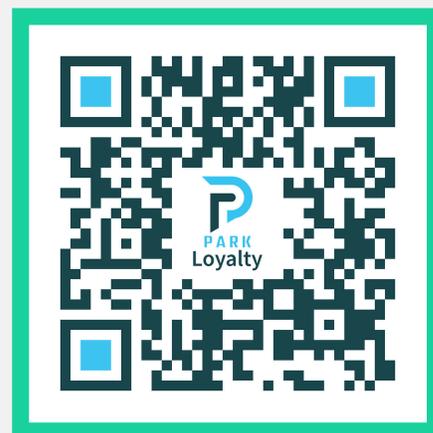

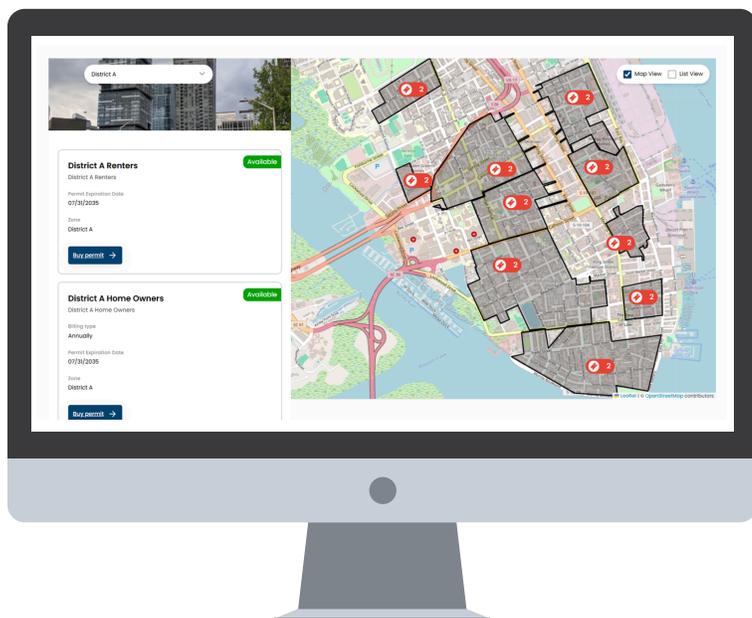

Permit Management

Hang up the hangtag. Digital license plate-based permitting that's easy to manage and even easier to enforce.

Permit Pro simplifies permitting with a fully digital, license plate-based system. No paper forms, no hangtags, no inventory to manage. Reduce walk-ins, prevent fraud, and boost enforcement accuracy. Officers just scan plates as part of their routine with no extra steps. Admins spend less time on manual tasks and more time making data-driven decisions, thanks to real-time insights and clear reporting.

For motorists, it's fast and easy. They apply, pay, and activate online in minutes. No printing, no waiting on the mail. Just park and go. Fewer errors. Fewer complaints. Happier customers.

Self-Service Convenience

Customers can apply, pay, and get real-time updates from any device.

Automated Renewals

Renewal automation for digital permit programs.

Seamless Integration

Connection to LPR, enforcement and other parking ecosystem services.

Flexible Permit Management

Customizable rules for any permit type (residential, visitor, business, etc.).

Data & Dashboards

Insightful reports, live trend analysis and waitlist control.
